PasswordPDF PDF Reducer Cloud (LifeTime) Activation Code

PasswordPDF PDF Reducer Free is a software application whose purpose is to help you reduce the size of PDF files by compressing the contained images and removing unused objects. It comes in handy especially if you intend to save space on your disk or send the PDFs via email. User-friendly interface You are welcomed by a clean feature lineup that allows you to configure the dedicated parameters with minimal effort. The layout may seem a bit plain at a first glance but the powerful compression algorithm that is hidden under its hood sets this tool apart from other similar applications. Batch processing PasswordPDF PDF Reducer Free empowers you to specify the source folder that contains the PDF files that you want to reduce their sizes, and pick the target location. You can also process a single PDF file and use “drag and drop” operations for inserting the desired documents in the primary panel. Compression settings The program offers you the possibility to adjust the compression parameters by enabling the color detection mode, recompressing images, discarding unused objects, and downscaling the photos. What’s more, you can choose the picture quality (low, medium, high, or very high), downscale the resolution to a user-defined DPI value, enable the JPEG2000 for HD images, specify if the PDF is scanned or not, as well as remove form fields, annotations, bookmarks, and embedded lines. PasswordPDF PDF Reducer Free allows you to pick the version for the output PDF file (e.g. 1.2, 1.5, 1.5, 1.7). include subfolders, and select the input mode (e.g. file or folder selection). At the end of the task, you are offered details about the number of processed pages, as well as input and output size values. Additionally, the program displays the percentage of compressed data in the primary pane, and lets you check the Warnings, Errors, and Log section for extra information about the entire process. An overall efficient PDF compression utility All in all, PasswordPDF PDF Reducer Free offers a handy suite of dedicated parameters and a powerful compression algorithm for helping you reduce the size of PDFs, and is suitable for rookies and professionals alike. ORPALIS PDF Reducer Free Video Guide This video demonstrates how to export selected or all Outlook items to a particular file in Office 365.
